Helping Everyone Enjoy the Great Outdoors

Based in Arundel, West Sussex W4 has been a trusted name for accessories and spare parts in the caravan, camping, and marine industry for over 50 years. Throughout this time, we have built a reputation for delivering high-quality, innovative products that make outdoor adventures safer, more convenient, and more enjoyable. Our extensive range includes hundreds of practical, reliable, and thoughtfully designed items, making W4 a preferred choice for leisure enthusiasts everywhere.

We consistently evolve and expand our range to meet the demands of our customers. By combining innovation with practicality, we aim to provide solutions that not only address common issues but also enhance the overall experience of being outdoors.

With over five decades of experience, W4 combines deep industry knowledge with a customer-first approach to ensure that every product and service exceeds expectations.

Our dedication to delivering high-quality, innovative items has made us a leading brand in the industry.

Discover the W4 range today and equip yourself with the essentials for a seamless and enjoyable outdoor experience.

Mains Electrical (240V)

20008

Mains Cable Keeper

A lightweight cable holder with integrated cable grips and hanging hook, designed to store up to 25 m of 3-core 2.5 mm² cable neatly.

20009

Mains Cable Keeper with Storage Bag

A lightweight extension-lead holder with integrated cable grips, plug port and durable twin-zip nylon bag for tidy storage. Holds 25m of 2.

20007

Mains Hook-Up Adaptor. Continental

A 240V, 16A adaptor enabling caravan mains leads with site plugs to connect to most continental style sockets via a moulded continental plug

20006

Mains Hook-Up Adaptor. UK

A 240V, 13A adaptor enabling caravan mains leads with site plugs to connect to UK household sockets via a nylon 13A plug.

20001

Mains Hook-Up Leads, 10m.

A high-visibility 10m caravan mains lead using 2.5mm² cable with European-approved connectors for safe site hook-ups. Rated at 16A, 240V AC.

20004

Mains Hook-Up Leads, 25m.

A high-visibility 25m caravan mains lead using 2.5mm² cable with European-approved connectors for safe site hook-ups. Rated at 16A, 240V AC.

20011

Mains Caravan Coupler

A 240V, 16A 2-pin and earth coupler for secure connection between the mains hook-up lead and caravan inlet.

20010

Mains Site Plug

A 240V, 16A 2-pin and earth plug for caravan site hook-up connections, compliant with BS4343, CEE17 and IEC309

20012

Mains Angled Inlet

A 240V, 16A surface-mounted 2-pin and earth inlet socket featuring a protective cap. To allow mains connection to your caravan/ motorhome

Mains Electrical (240V)

20013

Mains Flush Inlet

A 240V, 16A flush-mounted 2-pin and earth inlet socket in White. To allow mains connection to your caravan/motorhome

20013B

Mains Flush Inlet - Black

A 240V, 16A flush-mounted 2-pin and earth inlet socket in Black. To allow mains connection to your caravan/motorhome

20014

Mains Flush Angled Inlet

A 240V, 16A flush mounting mains inlet with hinged 2-pin and earth connector. To allow mains connection to your caravan/ motorhome

20016

Garage Socket - Loose

A wall-mounted 230V, 16A IP44 mains outlet designed to accept caravan mains leads for safe home or garage connection to your caravan hook-up lead.

20043

3-way 16A 230V Splitter

A 230V blue 16A three-way splitter designed for caravan and camping hook-ups to power multiple electrical accessories

20039

Mains Flush Outlet

An external flush-fitting 13 A socket in a splash-resistant enclosure (IP44), designed for safe power supply in awnings and outdoor areas.

20041

Waterproof Mains Outlet

A waterproof 240 V, 13 A mains outlet featuring an IP55 socket housed within a splash-proof IP44 flush-mount enclosure.

20042

Waterproof Mains Socket

A waterproof 13A mains socket rated to IP55, designed for reliable external electrical connections.

20018

Mains Tester

A simple 13A plug-in mains tester that checks live, neutral and earth connections and detects reversed polarity. Ideal for safe continental touring

Mains Electrical (240V)

20036

Mains Hook-up Testing Kit

A versatile site-supply testing kit designed to verify site electrical safety and identify polarity reversal prior to hook-up.

20027

Universal Mains Hook-up Testing Kit

A comprehensive modular site-supply test kit for UK and European use, designed to detect wiring faults and polarity reversal at the source.

00014

Compact Digital Multimeter

Compact tester with leads and battery that measures AC/DC voltage, resistance, diode and transistor function, with audible continuity.

00015

Digital Multimeter

Meter with plug-in leads and protective rubber case that measures AC/DC voltage, DC current, and resistance with auto zero and overload protection.

21221A

Berker 3-Pin Socket - Anthracite

A compact 13 A mains socket to BS1363 standard, designed for use with interchangeable surrounds and optional backing boxes.

21221B

Berker 3-Pin Socket - Brown

A compact 13 A mains socket to BS1363 standard, designed for use with interchangeable surrounds and optional backing boxes.

21221W

Berker 3-Pin Socket - White

A compact 13 A mains socket to BS1363 standard, designed for use with interchangeable surrounds and optional backing boxes.

21231A

Berker Rocker Switch - Anthracite

A neat 2-pole switch for 12V or 240V systems, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21231G

Berker Rocker Switch - Gloss Chrome

A neat 2-pole switch for 12V or 240V systems, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

Mains Electrical (240V)

21232A

Berker Twin Rocker Switch - Anthracite

A neat 2-pole twin switch for 12V or 240V systems, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21232G

Berker Twin Rocker Switch - Gloss Chrome

A neat 2-pole twin switch for 12V or 240V systems, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21261

Berker Backing Box. Single

A flame-resistant single backing box with external double cable clamp and multiple cable entries, compatible with most Berker fittings.

21265

Berker Surface Mounted Backing Box. Single

A single surface-mounting box compatible with most Berker fittings and suitable for use with single, double or triple frames.

21241A

Berker Single Frame. Flow Design. Anthracite

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21241B

Berker Single Frame. Flow Design. Brown

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21241GB

Berker Single Frame. Flow Design. Gloss Black

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21241G

Berker Single Frame. Flow Design. Gloss Chrome

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21241C

Berker Single Frame. Flow Design. Matt Chrome

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

Mains Electrical (240V)

21241W

Berker Single Frame. Flow Design. White

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

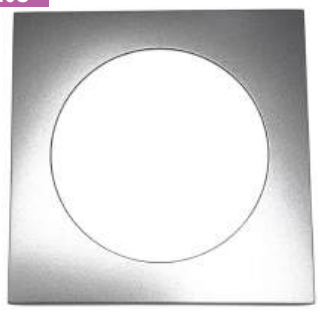

21240B

Berker Single Frame. Pure Design. Gloss Black

A single-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21240S

Berker Single Frame. Pure Design. Stainless Steel

A single-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21251A

Berker Single Truma Frame. Anthracite

A compatible Berker single frame that harmonises Truma control panels with Berker fittings.

21255G

Berker Frame with Hinged Lid (IP44). Gloss Chrome

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21255B

Berker Frame with Hinged Lid (IP44). Gloss Black

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21255A

Berker Frame with Hinged Lid (IP44). Anthracite

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21255W

Berker Single Frame with Hinged Lid. Flow Design. Wh

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21246A

Berker Double Frame. Flow Design. Anthracite

A double-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

Mains Electrical (240V)

21246G

Berker Double Frame. Flow Design. Gloss Chrome

A double-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21246C

Berker Double Frame. Flow Design. Matt Chrome

A double-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21245B

Berker Double Frame. Pure Design. Gloss Black

A double-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21245S

Berker Double Frame. Pure Design. Stainless Steel

A double-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21256A

Berker Double Truma Frame. Anthracite

A compatible Berker double frame that harmonises Truma control panels with Berker fittings.

21248A

Berker Triple Frame. Flow Design. Anthracite

A triple-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21248G

Berker Triple Frame. Flow Design. Gloss Chrome

A triple-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21247B

Berker Triple Frame. Pure Design. Gloss Black

A triple-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21247S

Berker Triple Frame. Pure Design. Stainless Steel

A triple-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

Mains Electrical (240V)

21258A

Berker Triple Truma Frame. Anthracite

A compatible Berker triple frame that harmonises Truma control panels with Berker fittings.

21248T

Berker Assembly Template. Cardboard

A cardboard 3-gang Berker drilling template designed for accurate hole positioning for 1, 2 and 3-gang installations.

20019

RCCD with Enclosure

A 25 A, 30 mA RCD designed to provide earth-leakage protection in 240 V installations, housed in a self-extinguishing plastic enclosure.

20020

Consumer Unit

A compact housing made of self extinguishing plastic enclosing a RCCD, 6A and 10A MCBs. Essential for anybody fitting their own 240 volt system.

20021

Mains Installation Kit with Surface Inlet

A complete caravan mains installation kit including RCD consumer unit, 6A/10A MCBs, sockets, surface mains inlet, cables,fittings and instructions.

20022

Mains Installation Kit with Flush Inlet

A complete caravan mains installation kit including RCD consumer unit, 6A/10A MCBs, sockets, flush mains inlet, cables and fittings with instructions.

20023

Flush Mains Backing Box. Single

Flush-fit single backing box for 13 A sockets, using integral click-in lugs to retain the box securely within cavity walls from 1 to 10mm thick.

20024

Flush Mains Backing Box. Double

Flush-fit double backing box for 13 A sockets, using integral click-in lugs to retain the box securely within cavity walls from 1 to 10mm thick.

20025

Flush Mains Backing Box. Dual

A dual flush mains backing box for side-by-side mounting using integral click-in lugs to fix the box securely within cavity walls from 1 - 10mm ...

Mains Electrical (240V)

37034

Mixed Mains Plug Fuses

A practical pack of standard mains plug fuses containing two 3A, 5A and 13A fuses suitable for everyday mains safety needs

37209

250V D.Pole Rocker Switch. Red Illuminated. 22x28mm

This 250V double-pole rocker switch provides On/Off latching and features red illumination in a 28×22 mm housing.

37203

250V Round D.Pole Rocker Switch. Black. On/Off

This black 250V double-pole round rocker switch features On/Off latching and fits a 20 mm cut-out with a 23 mm diameter body.

37201

250V Round S.Pole Rocker Switch. Black On/Off

This black 250V single-pole round rocker switch features On/Off latching and fits a 20 mm cut-out with a 23 mm diameter body.

37204

250V Round S.Pole Rocker Switch. Black. Centre Off

This black 250V single-pole round rocker switch features Centre Off and fits a 20 mm cut-out with a 23 mm diameter body.

37202

250V Round S.Pole Rocker Switch. White. On/Off

This white 250V single-pole round rocker switch features On/Off latching and fits a 20 mm cut-out with a 23 mm diameter body.

37206

250V S.Pole Rocker Switch. Black. Centre Off. 13x19m

This black 250V single-pole rocker switch provides Centre Off and measures 19×13 mm

37207

250V S.Pole Rocker Switch. Black. On/Off. 11x30mm

This black 250V single-pole rocker switch provides On/Off latching and measures 30×11 mm

37208

250V S.Pole Rocker Switch. Black/White. On/Off.

This black body 250V single-pole White rocker switch provides On/Off latching and measures 33×17 mm

Mains Electrical (240V)

37205

250V Slimline S.Pole Rocker Switch. Black. On/Off

This black 250V single-pole slimline rocker switch provides On/Off latching and measures 21×10 mm

37500

6-way Strip Connector - 30amp

6 Way Terminal Strip. 30A

37526

Cable Ties - 4" (102mm)

Cable Ties - 100x2.5mm. 10 per pack

37527

Cable Ties - 7.5" (190mm)

Cable Ties - 190x3.6mm. 5 per pack

37593

Releasable Cable Tie 4.8 x 300mm

Cable Ties - 300mm Releasable - 3 per pack

37528

Cable Tie Base (Self Adhesive)

Cable Tie Base - Self Adhesive. 28x28mm. Suitable for use with W4 cable ties (Codes - 37526/27/93). 3 per pack.

37592

Self Adhesive Cable Clip

Self adhesive cable clips. 3 per pack

37579

8mm Ring Terminal Yellow

Pre-Insulated Ring Terminal, - 8mm, Yellow. 3 per pack

37502

Cable Clip - 6mm Round

Cable Clip 6mm. Round. 10 per pack

37565

10mm Round Cable Clip

Cable Clip 10mm. Round. 10 per pack

12 Volt Electrical

00038

Adapt-It

Adaptor enabling devices with car cigar lighter plugs to run from W4-compatible 2-pin caravan, motorhome or boat outlets.

00044

Adapt-It 2

Adaptor allowing appliances with car cigar lighter plugs to be used with 12V, 2A 3-pin caravan, motorhome or boat sockets.

00050

Adapt-It 3

Adaptor allowing appliances with car cigar lighter plugs to be used with Clipsal-style 2-pin 12V caravan, motorhome or boat sockets.

00064

Adapt-It 4

A 1m lead with a cigar socket and insulated crocodile clips that enables appliances with cigar plugs to connect directly to a battery.

00070

Adapt-It 5

Adaptor allowing appliances with car cigar lighter plugs to be used with Hella single-pole 12V caravan, motorhome or boat sockets.

00060

Cigar Plug/ Socket Lead. 2m

A 2 metre fused cigar socket lead rated at 5A and built with heavy-duty cable to reduce voltage drop for safe, efficient power extension.

00061

Cigar Plug / Socket Lead. 5m

A 5 metre fused cigar socket lead rated at 5A and built with heavy-duty cable to reduce voltage drop for safe, efficient power extension.

00062

Cigar Socket 2-way Adaptor

A compact adaptor that converts a single cigar lighter socket into two outlets and includes an LED power indicator with a 10A fuse.

00161

Compact Double USB Socket

Panel-mount twin USB outlet with easy threaded mounting, LED indication and reverse polarity protection. Output 5V 2.1A charging only.

12 Volt Electrical

00162

Compact Double USB Socket 1xUSB-A, 1xUSB-C

A panel-mount USB-A and USB-C charging point with threaded mounting, LED indication and reverse polarity protection. Output 5V 2.

37572

12V 2-pin Flush Socket and Plug

2 Pin Flush Socket 12v 10a. Complete with 12V 10A 2-pin plug. Wiring instructions included.

37568

12V 2-pin Plug

2 Pin Plug 12volt 10amp. Wiring instructions included.

37571

12V 2-pin Surface Mounted Socket

2 Pin Socket 12 Volt 10 Amp. Wiring instructions included.

37074

Dual Purpose Plug

This fused 8A cigar lighter plug converts to a single-pole plug by removing the red collar with a simple twist and pull.

37547

Fused Cigar Lighter Plug - 5 amp

Fused Cigar Lighter Plug. Rating 5Amp.

37597

Hella-type Single Pole Plug & Socket

Hella-type Single Pole Plug and Socket

37087

Illuminated Cigar Lighter Socket

12V illuminated cigarette lighter socket that can be installed in a car/caravan.

37574

In-Line Cigar Socket

In-line cigar lighter socket. Rating . 5A

12 Volt Electrical

00160

Quick-Fit Cigar Lighter Socket

A 12V DC cigar lighter socket rated at 20A, featuring a threaded body and quarter-turn retaining nut for fast, secure installation.

37587

Recessed Cigar Socket

12V Recessed Cigar Socket.

20238A

Twin USB Socket on Berker Backplate. Anthracite

An anthracite double USB charging point with a protective cap on a Berker backplate, featuring LED power indication and 5V 2.1A power-only output.

20239A

Twin USB Socket 1xUSB-A. 1xUS

An anthracite double USB charging point with Type-A and Type-C outlets on a Berker backplate, reverse polarity protection and 5V 3A power-only o...

21222A

Berker 12 Volt Cigar Socket - Anthracite

A compact 12V cigar lighter socket rated 20A, designed for use with modular single or multi-gang surrounds. fitted by UK and European manufacturers

21229A

Berker 12 Volt Cigar Socket/ Satellite Point. Anthrac

A combined 12 Volt Cigar Lighter Socket and Satellite Point, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21227A

Berker 12 Volt Cigar Socket/ T.V. Point. Anthracite

A compact combined 12 Volt Cigar Lighter Socket and T.V.Point, designed for use with modular single or multi-gang surrounds.

21223A

Berker 12 Volt Single Pole Socket - Anthracite

A compact 6–24V, 16A single-pole socket, designed for use with modular single or multi-gang surrounds. Fitted by UK and European manufacturers

21228A

Berker USB Charging Point - Anthracite

A compact 12 V USB power socket with 5 V output for charging only, designed for use with modular single or multi-gang surrounds.

12 Volt Electrical

21238A

Berker Double USB Charging Point - Anthracite

A compact 12V dual USB power socket with 5 V output for charging only, designed for use with modular single or multi-gang surrounds.

21239A

Berker Twin USB Socket 1xUSB-A.1xUSB-C-Anthracite

A compact 12V USB A+C / PC+QC charging socket with 5 V output for charging only, designed for use with modular single or multi-gang surrounds.

21231A

Berker Rocker Switch - Anthracite

A neat 2-pole switch for 12V or 240V systems, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21231G

Berker Rocker Switch - Gloss Chrome

A neat 2-pole switch for 12V or 240V systems, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21232A

Berker Twin Rocker Switch - Anthracite

A neat 2-pole twin switch for 12V or 240V systems, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21232G

Berker Twin Rocker Switch - Gloss Chrome

A neat 2-pole twin switch for 12V or 240V systems, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21236A

Berker 12 Volt Twin Rocker Switch - Anthracite

A neat 2-pole twin switch with isolated input terminals, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21237A

Berker Step Switch - Anthracite

A neat 5 contact push button for caravan steps, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21220A

Berker Blanking Plate - Anthracite

An anthracite Berker blanking plate designed to fit Berker frames and neatly cover unused points or support custom installations.

21241A

Berker Single Frame. Flow Design. Anthracite

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21241B

Berker Single Frame. Flow Design. Brown

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21241GB

Berker Single Frame. Flow Design. Gloss Black

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21241G

Berker Single Frame. Flow Design. Gloss Chrome

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21241C

Berker Single Frame. Flow Design. Matt Chrome

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21241W

Berker Single Frame. Flow Design. White

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

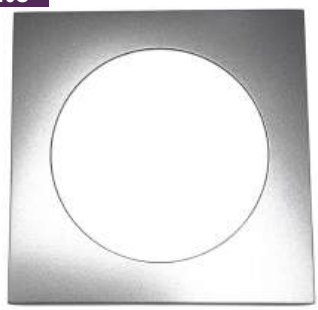

21240B

Berker Single Frame. Pure Design. Gloss Black

A single-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21240S

Berker Single Frame. Pure Design. Stainless Steel

A single-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21255A

Berker Frame with Hinged Lid (IP44). Anthracite

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

12 Volt Electrical

21255W

Berker Single Frame with Hinged Lid. Flow Design. Wh

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21255G

Berker Frame with Hinged Lid (IP44). Gloss Chrome

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21255B

Berker Frame with Hinged Lid (IP44). Gloss Black

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21246A

Berker Double Frame. Flow Design. Anthracite

A double-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21246G

Berker Double Frame. Flow Design. Gloss Chrome

A double-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21246C

Berker Double Frame. Flow Design. Matt Chrome

A double-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21245B

Berker Double Frame. Pure Design. Gloss Black

A double-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21245S

Berker Double Frame. Pure Design. Stainless Steel

A double-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21248A

Berker Triple Frame. Flow Design. Anthracite

A triple-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

12 Volt Electrical

21248G

Berker Triple Frame. Flow Design. Gloss Chrome

A triple-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21247B

Berker Triple Frame. Pure Design. Gloss Black

A triple-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21247S

Berker Triple Frame. Pure Design. Stainless Steel

A triple-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21261

Berker Backing Box. Single

A flame-resistant single backing box with external double cable clamp and multiple cable entries, compatible with most Berker fittings.

21265

Berker Surface Mounted Backing Box. Single

A single surface-mounting box compatible with most Berker fittings and suitable for use with single, double or triple frames.

21251A

Berker Single Truma Frame. Anthracite

A compatible Berker single frame that harmonises Truma control panels with Berker fittings.

21256A

Berker Double Truma Frame. Anthracite

A compatible Berker double frame that harmonises Truma control panels with Berker fittings.

21258A

Berker Triple Truma Frame. Anthracite

A compatible Berker triple frame that harmonises Truma control panels with Berker fittings.

21248T

Berker Assembly Template. Cardboard

A cardboard 3-gang Berker drilling template designed for accurate hole positioning for 1, 2 and 3-gang installations.

12 Volt Electrical

37546

DC Voltage Tester

A 6-12 Volt DC tester, complete with 1metre lead and crocodile clip. Checks- Caravan/car wiring and connections, Fuses, Light/Bulb fittings

00014

Compact Digital Multimeter

Compact tester with leads and battery that measures AC/DC voltage, resistance, diode and transistor function, with audible continuity.

00015

Digital Multimeter

Meter with plug-in leads and protective rubber case that measures AC/DC voltage, DC current, and resistance with auto zero and overload protection.

37534

Blade Fuse - 3 amp

Blade fuses. 3A. Ideal for control panels, electric porta potti, car, in-line fusing (Fuseholders - W4 Codes - 37542 & 94) etc. 3 per pack

37535

Blade Fuse - 5amp

Blade fuses. 5A. Ideal for control panels, car, in-line fusing (Fuseholders - W4 Codes - 37542 & 94) etc. 3 per pack

37536

Blade Fuse - 7.5amp

Blade fuses. 7.5A. Ideal for control panels, car, in-line fusing (Fuseholders - W4 Codes - 37542 & 94) etc. 3 per pack

37537

Blade Fuse - 10amp

Blade fuses. 10A. Ideal for control panels, car, in-line fusing (Fuseholders - W4 Codes - 37542 & 94) etc. 3 per pack

37538

Blade Fuse - 15amp

Blade fuses. 15A. Ideal for control panels, car, in-line fusing (Fuseholders - W4 Codes - 37542 & 94) etc. 3 per pack

37539

Blade Fuse - 20amp

Blade fuses. 20A. Ideal for control panels, car, in-line fusing (Fuseholders - W4 Codes - 37542 & 94) etc. 3 per pack

12 Volt Electrical

37540

Blade Fuse - 25amp

Blade fuses. 25A. Ideal for control panels, car, in-line fusing (Fuseholders - W4 Codes - 37542 & 94) etc. 3 per pack

37541

Blade Fuse - 30amp

Blade fuses. 30A. Ideal for control panels, car, in-line fusing (Fuseholders - W4 Codes - 37542 & 94) etc. 3 per pack

37032

Mixed Blade Fuses

A blade fuse pack containing two 3A, 5A, 10A, 15A and 20A fuses, providing essential replacements for caravan and motorhome electrical systems.

37045

5 Amp LED Blade Fuse

5A LED blade fuses that illuminate when blown, suitable for control panels, vehicles and in-line fuseholders. 3 per pack.

37047

10 Amp LED Blade Fuse

10A LED blade fuses that illuminate when blown, suitable for control panels, vehicles and in-line fuseholders. 3 per pack.

37048

15 Amp LED Blade Fuse

15A LED blade fuses that illuminate when blown, suitable for control panels, vehicles and in-line fuseholders. 3 per pack.

37049

20 Amp LED Blade Fuse

20A LED blade fuses that illuminate when blown, suitable for control panels, vehicles and in-line fuseholders. 3 per pack.

37005

5 Amp Mini Blade Fuse

5 Amp Mini Blade Fuse. 3 per pack.

37010

10 Amp Mini Blade Fuse

10 Amp Mini Blade Fuse. 3 per pack.

12 Volt Electrical

37015

15 Amp Mini Blade Fuse

15 Amp Mini Blade Fuse. 3 per pack.

37020

20 Amp Mini Blade Fuse

20 Amp Mini Blade Fuse. 3 per pack.

37031

Mini Blade Fuse - Mixed

A mini blade fuse pack containing two 5A, 10A, 15A and 20A fuses, providing essential replacements for caravan and motorhome electrical systems.

37033

Mixed Continental Fuses

A compact fuse pack containing two 8A, 16A and 25A continental-style fuses suitable for a wide range of applications.

37532

20 x 5mm Fuse - 1amp

20x5mm fuses. 1A. Ideal for control panels and other protected low-voltage circuits. 3 per pack

37522

20 x 5mm Fuse - 2amp

20x5mm fuses. 2A. Ideal for control panels and other protected low-voltage circuits. 3 per pack

37523

20 x 5mm Fuse - 3amp

20x5mm fuses. 3A. Ideal for control panels and other protected low-voltage circuits. 3 per pack

37524

20 x 5mm Fuse - 5amp

20x5mm fuses. 5A. Ideal for control panels and other protected low-voltage circuits. 3 per pack

37525

20 x 5mm Fuse - 10amp

20x5mm fuses. 10A. Ideal for control panels and other protected low-voltage circuits. 3 per pack

12 Volt Electrical

37519

30 x 6.35mm Fuse - 3amp

30x6.35mm fuses. 3A. Ideal for control panels and in-line fusing using W4 fuseholder (W4 Ref: 37516). 3 per pack

37520

30 x 6.35mm Fuse - 5amp

30x6.35mm fuses. 5A. Ideal for control panels and in-line fusing using W4 fuseholder (W4 Ref: 37516). 3 per pack

37521

30 x 6.35mm Fuse - 10amp

30x6.35mm fuses. 10A. Ideal for control panels and in-line fusing using W4 fuseholder (W4 Ref: 37516). 3 per pack

37518

30 x 6.35mm Fuse - 15amp

30x6.35mm fuses. 15A. Ideal for control panels and in-line fusing using W4 fuseholder (W4 Ref: 37516). 3 per pack

37542

Blade Fuse Holder

In-Line Blade Fuse Holder (For use with Fuses - W4 Codes - 37534-41)

37594

4 Way Blade Fuse Box

4 Way Blade Fuse Box (For use with fuses. W4 Codes 37534 - 41)

37516

In-Line Fuse Holder

In-Line Fuseholder 10A .Flame retardent plastic. For use with 30mm. fuses. (W4 Ref. 37519 - 37521 Incl.)

00001

Battery Isolation Switch

Durable 12V, 100A battery isolator with removable key and 8mm terminals for reliable power isolation.

37001

Replacement Key for Battery Isolation Switch

A replacement key designed for a Battery Isolation Switch, compatible with W4 Code 00001.

12 Volt Electrical

37583

Microswitch (for taps)

Microswitch (for taps)

37217

12

12–24V 22 mm round rocker switch with red dot LED illumination

37218

12

12–24V 22 mm round rocker switch with amber dot LED illumination

37219

12

12–24V 22 mm round rocker switch with green dot LED illumination

37211

12V S.Pole Rocker Switch. Green Illuminated. On/Off.

This 12V single-pole rocker switch provides On/Off latching and features green illumination in a 23mm diam. housing.

37210

12V S.Pole Rocker Switch. Reg Illuminated. On/Off.

This 12V single-pole rocker switch provides On/Off latching and features red illumination in a 23mm diam. housing.

37230

12V IP65 Ant

The 12V latching anti-vandal switch features screw terminals, no illumination, and installs in a 19 mm cut-out.

37231

12V Ant

The 12V latching anti-vandal switch includes screw terminals and a red illuminated ring, designed for a 19 mm cut-out.

37232

12V Ant

The 12V latching anti-vandal switch includes screw terminals and a green illuminated ring, designed for a 19 mm cut-out.

12 Volt Electrical

37237

12V Ant

The 12V momentary anti-vandal switch includes screw terminals and a green illuminated ring, designed for a 19 mm cut-out.

37236

12V Ant

The 12V momentary anti-vandal switch includes screw terminals and a red illuminated ring, designed for a 19 mm cut-out.

37235

12V Ant

The 12V momentary anti-vandal switch features screw terminals, no illumination, and installs in a 19 mm cut-out.

00145

Quick-Fit Battery Clamps

Positive and negative battery clamps with snap-down fixing and lift-off release. Enabling quick, secure connection without the need for tools.

37545

Battery Terminals - Pair

Brass Battery Terminals. 1 x negative & 1 x positive per pack.

37517

Crocodile Clip- 5amp

Crocodile Clips 5 Amp (50mm). 1 pair per pack.

37530

Crocodile Clip - 25amp

Crocodile Clips . 25 Amp. (75mm) 1 pair per pack.

37529

Crocodile Clip - 50amp

Crocodile Clips. 50 Amp (90mm). 1 pair per pack.

37504

12-way Strip Connector - 15 amp

12 Way Terminal Strip 15A

37531

12-way Strip Connector - 2amp

12 Way Terminal Strip 2A

37500

6-way Strip Connector - 30amp

6 Way Terminal Strip. 30A

37506

Self Stripping Cable Connector-Blue

Self-Stripping Cable Connector, Blue. 4 per pack

37570

6.35mm Push-On Terminal Male Blue

Pre-Insulated Push-On Terminal. 6.35mm Male. Blue. 3 per pack

37569

6.35mm Push-On Terminal Male Red

Pre-Insulated Push-On Terminal. 6.35mm Male. Red. 3 per pack

37567

6.35mm Push-On Terminal Female Blue

Pre-Insulated Push-On Terminal. 6.35m, Female. Blue. 3 per pack

37566

6.35mm Push-On Terminal Female Red

Pre-Insulated Push-On Terminal. 6.35m, Female. Red. 3 per pack

37503

6.35mm Push-on Terminals & Insulators

Female Terminal & Cover 6.35mm. 4 per pack

37575

2.8mm Push-On Terminal Female Red

Pre-Insulated Push-On Terminal. 2.8mm, Female. Red. 4 per pack

12 Volt Electrical

37573

6.35mm Piggy Back Terminal Blue

Pre-Insulated Piggy Back Terminal - Blue 6.35mm - 3 per pack

37578

6mm Ring Terminal Blue

Pre-Insulated Ring Terminal. - 6mm, Blue. 3 per pack

37579

8mm Ring Terminal Yellow

Pre-Insulated Ring Terminal, - 8mm, Yellow. 3 per pack

37501

Cable Clip - Parallel

Cable Clip 10mm. Flat. 10 per pack

37502

Cable Clip - 6mm Round

Cable Clip 6mm. Round. 10 per pack

37565

10mm Round Cable Clip

Cable Clip 10mm. Round. 10 per pack

37592

Self Adhesive Cable Clip

Self adhesive cable clips. 3 per pack

37528

Cable Tie Base (Self Adhesive)

Cable Tie Base - Self Adhesive. 28x28mm. Suitable for use with W4 cable ties (Codes - 37526/27/93). 3 per pack.

37526

Cable Ties - 4" (102mm)

Cable Ties - 100x2.5mm. 10 per pack

12 Volt Electrical

37593

Releasable Cable Tie 4.8 x 300mm

Cable Ties - 300mm Releasable - 3 per pack

37527

Cable Ties - 7.5" (190mm)

Cable Ties - 190x3.6mm. 5 per pack

37507

P.V.C. Tape

Insulation Tape. Black 19mm x 5m.

Lighting and Bulbs

37552

12V 15W Bulb Ba15s

Bulb 12V 15W 15mm Diameter base. Single contact. Uses - Eyeball Spotlights

37509

12V 21/5W Bulb Ba15d

Bulb 12V 21/5W . 15mm Diameter base. Double contact. Uses - Brake/Tail lights

37564

12V 21W Amber Bulb Ba15s

Bulb 12V 21W Amber. 15mm Diameter Base. Double contact. Ba15d. Uses - Indicator lights with clear lenses.

37505

12V 21W Amber Bulb Ba15s offset pin

Bulb 12V 21W Amber. 15mm diameter base. Single contact with offset. Uses - Flasher units with clear lens.

37553

12V 21W Bulb Ba15d

Bulb 12V 21W. 15mm Diameter Base. Double contact. Uses - Tail/Interior lights

37551

12V 10W Bulb Ba15s

Bulb 12V 10W . 15mm Diameter base. Single contact. Uses - Interior lights

37510

12V 21W Bulb Ba15s

Bulb 12V 21W .15mm Diameter base. Single contact. Uses - Indicator lights

37550

12V 5W Bulb Ba15d

Bulb 12 V 5W. 15mm dia. Base, double contact . Uses - Interior lights

37512

12V 5W Bulb Ba15s

Bulb 12V 5W 15mm Base, single contact. Uses - Tail/Interior lights

Lighting and Bulbs

37560

12V 24W Bulb B22d

Bulb 12V 24W . 22mm Diameter base. Double contact. Uses - Interior lights. Lamps fitted with domestic style holder but powered by 12V.

37511

12V 4W Bulb Ba9s

Bulb 12v 4w , 9mm Diameter base. Single Contact. Uses - Side & No. Plate lights

37508

Festoon Bulb. 5w

Festoon Bulb 12V 5W. Uses - Front Marker & Interior lights

37513

Festoon Bulb. 10w

Festoon Bulb 12V 10W. Uses - Interior & Awning lights

37557

Festoon Bulb. 18W

Festoon Bulb 12V 18W. Uses - Awning lights

37556

12V 5W Bulb Capless

Bulb 12V 5W Capless base (501 Bulb). Uses - Side/Tail Lights

37057

Bulb 12V 1.2W

A 12V 1.2W capless wedge bulb designed for use in caravan front marker lights

37051

10W Dichroic Bulb MR16

A 12V 10W MR16 dichroic bulb designed for internal spotlights.

37533

12v 10w 30° MR11 Dichroic Bulb (Zöe)

Dichroic Bulb 12V 10W 30° MR11 Base. Uses - Zoe spotlights.

Lighting and Bulbs

37052

20W Dichroic Bulb MR16

A 12V 20W MR16 dichroic bulb designed for internal spotlights.

37054

Dichroic Bulb MR11

A 12V 20W MR11 dichroic bulb designed for internal spotlights.

37563

Halogen Bulb 12V 10W G4 Base

Halogen Bulb 12V 10W G4 Base. 2 per pack. Uses - Interior lights & spotlights

37591

Halogen Bulb 12V 20W G4 Base

Halogen Bulb 12V 20W G4 Base. 2 per pack. Uses - Interior lights & spotlights

37543

Halogen Bulb 12V 5W G4 Base

Halogen Bulb 12V 5W G4 Base. 2 per pack. Uses - Internal lights, spotlights etc.

37559

12V 10W Halogen Bulb Ba15s

Halogen Bulb 12V 10W 15mm Diameter base. Single contact. Uses - Interior lights

37558

12V 5W Halogen Bulb Ba15s

Halogen Bulb 12V 5W 15mm Diameter base. Single contact. Uses - interior lights.

37050

Halogen Bulb 12V 10W

A 12V 10W halogen bulb with a 9 mm single-contact base, designed for use in interior lights

37070

SMD Bulb 12V. G4 Capsule

This 12V G4 SMD capsule bulb delivers 130 lumens at 1.5W, providing an efficient replacement for standard G4 spotlight lamps.

Lighting and Bulbs

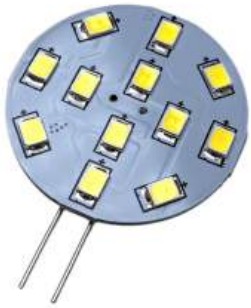

37069

10 SMD Bulb G4 Base. Back Pin

This 12V 12-SMD G4 back-entry bulb uses only 2W while maintaining brightness, making it a direct replacement for standard G4 lamps.

37068

12 SMD Bulb G4 Base. Side Pin

This 12V 12-SMD G4 side-entry bulb uses only 2.4W while maintaining brightness, making it a direct replacement for standard G4 lamps.

37062

12V 12SMD Dichroic Bulb MR16

This 12V 12-SMD MR16 bulb delivers 210 lumens while using only 2W, offering an efficient replacement for standard dichroic spotlights.

37064

9 SMD Dichroic Bulb MR11

This 12V 9-SMD MR11 bulb delivers 140 lumens while using only 1.2W, offering an efficient replacement for standard dichroic spotlights.

37089

LED Bulb 12V Ba15d P21/5

This 19-LED 12V Ba15d bulb produces brightness comparable to a 21/5W standard lamp.

37082

LED Bulb 12V Ba15s 207

This 5-LED 12V Ba15s bulb produces brightness comparable to a 10W standard lamp.

37080

LED Bulb 12V Ba15s P21

This 19-LED 12V Ba15s bulb produces brightness comparable to a 21W standard lamp.

37088

LED Bulb 12V Festoon 239

This 3-LED 12V Festoon bulb produces brightness comparable to a 5W standard lamp.

37086

LED Bulb 12V W2.1x9.5D

This 4-LED 12V W2.1x9.5 Wedge Base bulb produces brightness comparable to a 5W standard lamp.

Lighting and Bulbs

00034

Indoor/Outdoor Bulb & Fuse Kit

A practical, compact storage kit holding a wide range of frequently needed caravan bulbs and fuses for quick on-site replacements.

00100

Budget Bulb/Fuse Kit

An economy emergency bulb/fuse kit that only contains the minimum necessary bulbs and fuses. (No headlight bulb included).

00101

Motorhome Bulb/Fuse Kit with H1 Headlight Bulb

A sturdy, glove-box-sized kit holding essential bulbs and fuses for caravans, motorhomes and vehicles, complete with an H1 bulb.

00104

Motorhome Bulb/Fuse Kit with H4 Headlight Bulb

A sturdy, glove-box-sized kit holding essential bulbs and fuses for caravans, motorhomes and vehicles, complete with an H4 bulb.

00107

Motorhome Bulb/Fuse Kit with H7 Headlight Bulb

A sturdy, glove-box-sized kit holding essential bulbs and fuses for caravans, motorhomes and vehicles, complete with an H7 bulb.

00102

Universal Motorhome/Caravan Bulb/Fuse Kit

A compact emergency kit containing a full range of caravan, motorhome and automotive bulbs and fuses, including H1, H4 and H7 headlight bulbs.

00033

Fluorescent Tube 13W

A 12V 13W, 21-inch fluorescent tube designed as a direct replacement for compatible caravan and motorhome fittings.

00032

Fluorescent Tube 8W

A 12V 8W, 12-inch fluorescent tube designed as a direct replacement for compatible caravan and motorhome fittings.

37220

220V Round Indicator Light. Red

220V round indicator light features a black body with a red lens and fits a 20 mm cut-out with a 23 mm diameter.

Lighting and Bulbs

37221

Round Neon Indicator Light. Red. 10mm

240V round red neon indicator measures 13 mm and is designed for installation in a 10 mm cut-out.

00130

LED Handy Lamp

A compact battery-operated lamp featuring a 12-LED adjustable head and torch-style grip for flexible lighting in multiple settings.

00131

LED Pull Light

A battery powered hanging LED light with pull-switch activation and adjustable cord. Ideal for tents, awnings, cupboards and enclosed spaces.

00139

Solar Powered Motion Sensor LED Light.

An energy-efficient solar LED light producing 600 lumens from 100 LEDs, automatic 20-second motion activation and requiring no batteries or wirin...

00129

LED Switch Light

A battery-powered LED switch light with twin 3W LEDs producing 200 lumens, ideal for cupboards and lockers without mains power.

00134

LED Switch Light. Double

A battery-powered LED switch light with four 2W LEDs delivering 200 lumens, ideal for cupboards and lockers without mains power.

00136

Compact LED Switch Light

An ultra-bright 200-lumen LED light featuring eight long-life LEDs, designed for cupboards and lockers without mains power.

00135

LED Switch Light. Double with Dimmer

A battery-powered LED switch light with dimmer control. Four 2W LEDs deliver 200 lumens. Ideal for cupboards and lockers without mains power.

TV and Satellite

21224A

Berker T.V. Aerial Point. Anthracite

A compact 6–24V, 16A single-pole socket, designed for use with modular single or multi-gang surrounds. Fitted by UK and European manufacturers

21226A

Berker Satellite Point. Anthracite

A compact single Satellite (F Connector) point, designed for use with modular single or multi-gang surrounds.

21225A

Berker T.V./Satellite Point. Anthracite

A compact combined T.V. and Satellite point. Designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21229A

Berker 12 Volt Cigar Socket/ Satellite Point. Anthrac

A combined 12 Volt Cigar Lighter Socket and Satellite Point, designed for use with modular single or multi-gang surrounds. Fitted by manufacturers

21227A

Berker 12 Volt Cigar Socket/ T.V. Point. Anthracite

A compact combined 12 Volt Cigar Lighter Socket and T.V.Point, designed for use with modular single or multi-gang surrounds.

21241A

Berker Single Frame. Flow Design. Anthracite

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21241B

Berker Single Frame. Flow Design. Brown

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21241GB

Berker Single Frame. Flow Design. Gloss Black

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21241G

Berker Single Frame. Flow Design. Gloss Chrome

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

TV and Satellite

21241C

Berker Single Frame. Flow Design. Matt Chrome

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21241W

Berker Single Frame. Flow Design. White

A single-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21240B

Berker Single Frame. Pure Design. Gloss Black

A single-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21240S

Berker Single Frame. Pure Design. Stainless Steel

A single-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21255G

Berker Frame with Hinged Lid (IP44). Gloss Chrome

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21255B

Berker Frame with Hinged Lid (IP44). Gloss Black

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21255A

Berker Frame with Hinged Lid (IP44). Anthracite

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21255W

Berker Single Frame with Hinged Lid. Flow Design. Wh

A single-gang Flow design frame with hinged IP44 splash-proof lid and sealing gasket, compatible with most Berker fittings.

21251A

Berker Single Truma Frame. Anthracite

A compatible Berker single frame that harmonises Truma control panels with Berker fittings.

21246C

Berker Double Frame. Flow Design. Matt Chrome

A double-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21246A

Berker Double Frame. Flow Design. Anthracite

A double-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

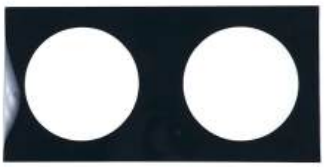

21246G

Berker Double Frame. Flow Design. Gloss Chrome

A double-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21245B

Berker Double Frame. Pure Design. Gloss Black

A double-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21245S

Berker Double Frame. Pure Design. Stainless Steel

A double-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21256A

Berker Double Truma Frame. Anthracite

A compatible Berker double frame that harmonises Truma control panels with Berker fittings.

21248A

Berker Triple Frame. Flow Design. Anthracite

A triple-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers.

21248G

Berker Triple Frame. Flow Design. Gloss Chrome

A triple-gang Flow design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Swift and Lunar.

21247B

Berker Triple Frame. Pure Design. Gloss Black

A triple-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21247S

Berker Triple Frame. Pure Design. Stainless Steel

A triple-gang Pure design frame compatible with Berker fittings, commonly fitted by leading manufacturers including Elddis and RS Motorhomes.

21258A

Berker Triple Truma Frame. Anthracite

A compatible Berker triple frame that harmonises Truma control panels with Berker fittings.

21261

Berker Backing Box. Single

A flame-resistant single backing box with external double cable clamp and multiple cable entries, compatible with most Berker fittings.

21265

Berker Surface Mounted Backing Box. Single

A single surface-mounting box compatible with most Berker fittings and suitable for use with single, double or triple frames.

21248T

Berker Assembly Template. Cardboard

A cardboard 3-gang Berker drilling template designed for accurate hole positioning for 1, 2 and 3-gang installations.

Maintenance and Essentials

00116

Mastic Sealing Strip. White. 5m x 19mm

High-performance butyl tape used by leading manufacturers, ideal for sealing caravan mouldings, joints, awning rails, trims and external fittings.

00117

Mastic Sealing Strip. White. 5m x 32mm

High-performance butyl tape used by leading manufacturers, ideal for sealing caravan mouldings, joints, awning rails, trims and external fittings.

00125

Mastic Sealing Strip. White. 5m x 45mm

High-performance butyl tape used by leading manufacturers, ideal for sealing caravan mouldings, joints, awning rails, trims and external fittings.

00016

Mastic Sealing Strip. Grey. 5m x 19mm

High-performance butyl tape used by leading manufacturers, ideal for sealing caravan mouldings, joints, awning rails, trims and external fittings.

00017

Mastic Sealing Strip. Grey. 5m x 32mm

High-performance butyl tape used by leading manufacturers, ideal for sealing caravan mouldings, joints, awning rails, trims and external fittings.

00025

Mastic Sealing Strip. Grey. 5m x 45mm

High-performance butyl tape used by leading manufacturers, ideal for sealing caravan mouldings, joints, awning rails, trims and external fittings.

10010

Grip Trak

Durable plastic grip traks engineered with ridges on both sides to maximise tyre contact and restore traction in poor ground conditions.

00027

Screw It

A versatile screw in land anchor. Suitable for use as a temporary boat anchor, tent or awning storm tie-down, dog tether or tree support.

00127

Dog Tie-out Cable. 6m. (20ft)

A durable chew-proof cable fitted with quick-snap-on clips, designed to safely restrain most dog breeds during outdoor activities.

00126

Dog Tie-Out Cable. 3m. (10ft)

A durable chew-proof cable fitted with quick-snap-on clips, designed to safely restrain most dog breeds during outdoor activities.

37101

LPG Sticker

This UV-stable 100×100mm LPG indicator sticker provides a durable, legal marking for gas locations on caravans or motorhomes.

37116

Fresh Water Sticker

This 60×55mm self-adhesive sticker marks the water tank filling point and uses UV-stabilised ink to prevent fading.

37115

Vital Statistics Sticker

The 60×48mm information sticker offers a UV-stable, self-adhesive surface for displaying essential van statistics.

37108

Tracking Fitted Sticker. Caravan

This 110×65mm UV-stabilised self-adhesive sticker indicates a fitted tracking system and acts as a deterrent to thieves.

37109

Tracking Fitted Sticker. Motorhome

This 110×65mm UV-stabilised self-adhesive sticker indicates a fitted tracking system and acts as a deterrent to thieves.

37110

60 MPH Sticker

This 100mm 60 MPH sticker is self-adhesive and printed with UV-stabilised ink for long-lasting durability.

37130

French Speed Limit Sticker

These 80/90 stickers meet French requirements for towing vehicles and are recommended for UK drivers when towing abroad.

37113

No Smoking Sticker. Large

This 100mm no-smoking sticker is self-adhesive and printed with UV-stabilised ink to prevent fading.

37112

No Smoking Sticker. Small

This 75mm no-smoking sticker is self-adhesive and printed with UV-stabilised ink to prevent fading.

37193

UK Sticker. Large Oval

The UK large oval sticker offers compliant national marking for UK vehicles when driven abroad.

37191

UK Sticker. Extra Large Oval

The UK extra-large oval sticker offers compliant national marking for UK vehicles when driven abroad.

37192

UK Sticker. Small with Union Jack

This small UK oval sticker with Union Jack measures 101×64 mm and provides clear national identification.

37197

UK Plate Sticker. White

This UK plate sticker features a white UK on a blue background with Union Jack detail for front number plate identification.

37198

UK Plate Sticker. Yellow

This UK plate sticker features a yellow UK on a blue background with Union Jack detail for raer number plate identification.

37153

SCO Sticker.

The 140×100mm self-adhesive sticker meets overseas touring requirements and features UV-stabilised print for durability.

37143

CYMRU Sticker.

The 140×100mm self-adhesive sticker meets overseas touring requirements and features UV-stabilised print for durability.

37163

IRL Sticker.

The 140×100mm self-adhesive sticker meets overseas touring requirements and features UV-stabilised print for durability.

37173

NI Sticker.

The 140×100mm self-adhesive sticker meets overseas touring requirements and features UV-stabilised print for durability.

37159

Scotland Flag Sticker

The 110×65 mm high-quality sticker features UV-stabilised print for durability and a reliable self-adhesive backing.

37149

Welsh Dragon Flag Sticker

The 110×65 mm high-quality sticker features UV-stabilised print for durability and a reliable self-adhesive backing.

37189

Kernow Flag Sticker

The 110×65 mm high-quality sticker features UV-stabilised print for durability and a reliable self-adhesive backing.

37183

KERNOW Sticker.

The 140×100mm self-adhesive sticker meets overseas touring requirements and features UV-stabilised print for durability.

37122

Lamp Repair Kit. Amber

This single piece of 250×70mm amber vinyl tape is designed for fast, effective lamp repairs in emergencies.

37123

Lamp Repair Kit. Clear

This single piece of 250×70mm clear vinyl tape is designed for fast, effective lamp repairs in emergencies.

37121

Lamp Repair Kit. Red

This single piece of 250×70mm red vinyl tape is designed for fast, effective lamp repairs in emergencies.

Waste and Water Fittings

00011

Fill-Up

1m food-grade hose with tap connector, suitable for a variety of tap sizes. Ideal for easy, safe filling of water containers - no lifting, no mess.

00028

Fill-Up 2

A 2m food-grade hose with tap connector suitable for various tap sizes. Ideal for filling hard-to-reach motorhome water tanks.

00053

Fill-Up 5

A 5m. food-grade hose with tap connector suitable for various tap sizes. Ideal for filling hard-to-reach motorhome water tanks.

00110

Fill-Up 10

A 10m. food-grade hose with tap connector suitable for various tap sizes. Ideal for filling hard-to-reach motorhome water tanks.

37845

Tap Connector

Tap Connector. For connection to most taps.

00068

Easi-2-Drain

A quick-fit adaptor designed to merge two 28.5mm waste outlets into a single outlet for easier waste container connection.

00077

Drain Tap - Waste Water

Robust 28mm polypropylene drain tap with fixing bracket for secure mounting, as used by major manufacturers including Swift and AutoSleeper.

00007

Drain Tap - Fresh Water

Robust 28mm polypropylene drain tap with fixing bracket for secure mounting, as used by major manufacturers including Swift and AutoSleeper.

37838

Hose Connector - ½" (12mm) Straight

Hose Connector - ½" (12mm) Straight

Waste and Water Fittings

37841

Hose Connector - 3/4" (19mm) Straight

Hose Connector - 3/4" (19mm) Straight

00078

Hose Connector - Straight

A compact 28.5mm Y-connector designed to join 28.5mm internal and 32mm external diameter convoluted waste hoses.

37837

Hose Connector Reducer. 3/8" x 1/2 " (10x1

Hose Connector Reducer. 3/8" x 1/2 " (10x12mm)

37805

Hose Connector - Elbow - ½"

Hose Connector - Elbow ½" (12mm)

37839

Hose Connector - ½" (12mm) 'Y'

Hose Connector - ½" (12mm) 'Y'

37842

Hose Connector - 3/4" (19mm) 'Y'.

Hose Connector - 3/4" (19mm) 'Y'.

00088

Hose Connector 28.5mm 'Y'

A compact 28.5mm Y-connector designed to join two waste pipes into one, providing a snug fit for 28.5mm ID, 32mm OD convoluted waste hoses.

37840

Hose Connector - ½" (12mm) 'T'

Hose Connector - ½" (12mm) 'T'

37843

Hose Connector - 3/4" (19mm) 'T'

Hose Connector - 3/4" (19mm) 'T'

Waste and Water Fittings

37832

Hose Clip - Stainless Steel - Size OOO/MOO (8-16mm)

Hose Clip - Stainless Steel. Size OOO/MOO (8-16mm) - 2 per pack

37833

Hose Clip - Stainless Steel - Size OO (12-22mm)

31202

Equal Tee.12mm

A durable 12mm Equal Tee used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31502

Equal Tee.15mm

A durable 15mm Equal Tee used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31275

Two Way Adaptor. 12mm

A durable 12 mm equal tee used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

Waste and Water Fittings

31203

Equal Elbow.12mm

A durable 12mm Equal Elbow used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31503

Equal Elbow. 15mm

A durable 15mm Equal Elbow used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31221

Elbow Reducer 12-10mm

A durable 12-10mm Elbow Reducer used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31522

Stem Elbow 15mm

A durable 15mm Stem Elbow used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31222

Stem Elbow 12mm

A durable 12mm Stem Elbow used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31204

Equal Straight.12mm

A durable 12mm Equal Straight used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31504

Equal Straight.15mm

A durable 15mm Equal Straight used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31512

Straight Reducer 15-12mm

A durable 15-12mm Straight Reducer used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31220

Straight Reducer 12-10mm

A durable 12-10mm Straight Reducer used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

Waste and Water Fittings

31228

Straight Reducer 12-8mm

A durable 12-8mm Straight Reducer used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31268

Straight Adaptor 1/2" Flexible Hose (Barbed)

A 1/2" Flexible Hose (Barbed)-12mm Adaptor used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31225

12mm Enlarger - 15mm Stem

A durable 12mm Reducer/Enlarger - 15mm Stem used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31210

Stem Reducer 12-10mm.

A durable 12-10mm Stem Reducer used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31215

Stem Reducer 15-12mm

A durable 15-12mm Stem Reducer used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31273

Non-Return Check Valve 12mm

A durable 12mm Non-Return Check Valve used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31508

End Plug.15mm

A durable 15mm End Plug used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31208

End Plug.12mm

A durable 12mm End Plug used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31272

Stem Shut-off Valve 12mm

A durable 12mm Stem Shut-off Valve used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

Waste and Water Fittings

31270

Shut-off Valve 12mm

A durable 12mm Shut-off Valve used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31232

Adaptor. Female 1/2" BSP - 12mm

A durable Female 1/2" BSP - 12mm Adaptor used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31238

Adaptor Assembly 3/8"Female - 12mm

A durable 3/8"Female - 12mm Adaptor Assembly used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections...

31214

Straight Adaptor. Male 1/2" BSP-12mm

A durable Male 1/2" BSP-12mm Straight Adaptor used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connection...

31213

Tap Tail Adaptor 3/8" BSP-12mm

A durable 3/8" BSP-12mm Tap Tail Adaptor used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31264

Stem Adaptor. Male 1/2" BSP - 12mm

A durable Male 1/2 " BSP - 12mm Stem Adaptor used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections...

31263

Stem Adaptor. Male 3/8" BSP - 12mm

A durable Male 3/8" BSP - 12mm Stem Adaptor used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31212

Bulkhead Connector 12mm.

A durable 12mm Bulkhead Connector used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

31266

Tank Fitting Assembly 12mm

A durable 12mm Tank Fitting Assembly used by leading caravan and motorhome manufacturers, providing secure, leak-free push-fit connections.

Waste and Water Fittings

31294

In-line Filter/Strainer

A compact in-line filter with quick 12mm push-fit connection, built to remove debris and maintain reliable water system performance.

31293

Collet Clip. Red

A robust locking clip that prevents collet movement during use, colour-coded red for hot-water systems, compatible with W4 push-fit fittings

31292

Collet Clip. Blue

A robust locking clip that prevents collet movement during use, colour-coded blue for cold-water systems, compatible with W4 push-fit fittings

31201

12mm Hose - Red

A 12 mm push-fit food-grade hose with 9 mm ID, rated to 170 psi and 65 °C, WRAS and FDA approved and ideal for hot-water systems.

31200

12mm Hose - Blue

A 12 mm push-fit food-grade hose with 9 mm ID, rated to 170 psi and 65 °C, WRAS and FDA approved and ideal for cold-water systems.

31295

Tube Cutters

Tube Cutters, light duty. Suitable for cutting 12mm Hose.

31291

Tube Support 12mm.

A durable 12 mm tube support that increases pipe rigidity for improved sealing and secure connections, compatible with W4 push-fit fittings.

37828

P Clip 1/4"

Nylon P Clip 1/4" - 5 per pack

37829

P Clip 5/8"

Nylon P Clip 5/8" - 5 per pack

Waste and Water Fittings

37830

P Clip 3/4 "

Nylon P Clip 3/4 " - 5 per pack

37831

P Clip 1"

Nylon P Clip 1" - 5 per pack

37809

P Clip 1 1/4"

Nylon P Clip 1¼ " - 5 per pack

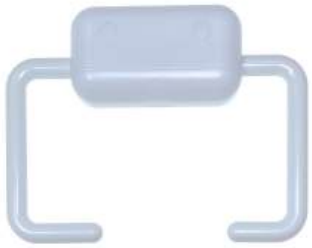

38481

Mini Loo Brush

This compact brush and holder mounts to the wall, brush clips securely in place to prevent movement during transit.

38488

Toilet Roll Holder

This white toilet roll holder prevents the roll from falling or unravelling during travel and includes stainless screws and covers.

38486

Towel Ring

The white towel ring fits confined washroom spaces while accommodating a bath sheet and comes with stainless screws and covers.

38485

Toothbrush Holder

The white 4-way toothbrush holder offers a space-efficient design and comes complete with stainless screws and covers.

38473

Towel Grip 3-way

This versatile white towel grip holds various towel types and is supplied with stainless steel screws and screw covers.

38482

Washroom Beaker and Holder

This washroom beaker and holder is space-efficient for caravans and boats and inverts to push-fit into its base for secure storage.

Waste and Water Fittings

37893

Sink Waste Plug 1 1/2"

Sink Waste Plug. Suitable for 1 1/2 (38mm) caravan sink wastes.

37894

Universal Self-Seating Plug

Universal sink plug. Suitable for most caravan wastes, also very useful for site washrooms.

37890

Waste Strainer - White. 1 1/4"

Waste Strainer - White. Suitable for most caravan sink wastes. 1 1/4" - 1 5/8" (32-41mm)

37891

Waste Strainer - Chrome Plated. 1 1/4"

Waste Strainer - Chrome Plated. Suitable for most caravan sink wastes. 1 1/4" - 1 5/8" (32-41mm)

00031

Hold Steady

Organiser with elasticated sections designed to hold mixed-size containers securely, suitable for vertical or horizontal fitting. 300 x 200 x 80mm

Towing

10018

Easi-Fit Breakaway Cable

Cable that applies the trailer handbrake in the event of accidental unhitching, using a threaded carabiner hook for easy tool-free permanent fixing.

10017

Breakaway Cable. PVC Coated with Split Ring

A plastic-coated breakaway cable with split ring and hook, designed to activate the caravan handbrake in the event of accidental unhitching.

10002

Breakaway Cable. PVC Coated

An easy to fit plastic-coated safety cable that activates the caravan or trailer handbrake in the event of accidental unhitching.

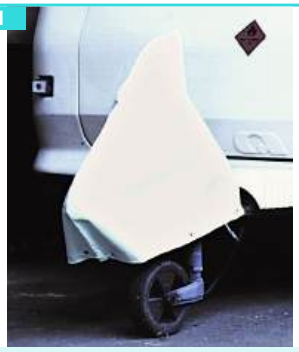

10001

Breakaway Cable

An easy to fit galvanised safety cable that activates the caravan or trailer handbrake in the event of accidental unhitching.

10011

Hitch Cover

A hard-wearing hitch cover designed for all-season protection of the coupling, providing a neat finish and secures firmly with a drawstring.

10015

A-Frame Cover

A durable extended hitch cover designed to protect the coupling, handbrake mechanism and cable storage ports. Secures firmly with a drawstring.

10021

Weigh-It- Nose Weight Gauge

A rugged nylon coated steel noseweight gauge calibrated in kg and lb. Measuring up to 115kg for accurate and safe caravan or trailer loading.

37515

Seven Pin Bolt Set

M5 x 35mm Bolt Set (to fit 7 pin sockets) Contains Bolt, nut and shakeproof washer. 3 sets per pack

37101

LPG Sticker

This UV-stable 100×100mm LPG indicator sticker provides a durable, legal marking for gas locations on caravans or motorhomes.

Towing

37116

Fresh Water Sticker

This 60×55mm self-adhesive sticker marks the water tank filling point and uses UV-stabilised ink to prevent fading.

37115

Vital Statistics Sticker

The 60×48mm information sticker offers a UV-stable, self-adhesive surface for displaying essential van statistics.

37108

Tracking Fitted Sticker. Caravan

This 110×65mm UV-stabilised self-adhesive sticker indicates a fitted tracking system and acts as a deterrent to thieves.

37109

Tracking Fitted Sticker. Motorhome

This 110×65mm UV-stabilised self-adhesive sticker indicates a fitted tracking system and acts as a deterrent to thieves.

37110

60 MPH Sticker

This 100mm 60 MPH sticker is self-adhesive and printed with UV-stabilised ink for long-lasting durability.

37130

French Speed Limit Sticker

These 80/90 stickers meet French requirements for towing vehicles and are recommended for UK drivers when towing abroad.

37113

No Smoking Sticker. Large

This 100mm no-smoking sticker is self-adhesive and printed with UV-stabilised ink to prevent fading.

37112

No Smoking Sticker. Small

This 75mm no-smoking sticker is self-adhesive and printed with UV-stabilised ink to prevent fading.

37193

UK Sticker. Large Oval

The UK large oval sticker offers compliant national marking for UK vehicles when driven abroad.
